Reference-No. _____ Date _____

Quantity		Piece (single or series)
Application for		Cleaning, reverse osmosis, hydraulic, fog systems etc.
Own use../..Resale		
Media		Drinking water, sea water, sewage, oil, chemicals, etc.
Media temperature		°C
at solids particle size		µm
Viscosity		of chemicals required
Pressure		bar
Capacity		in l/min, l/h, m3/h
PrePressure		in bar or mWS
Operating mode		
- Continuous operation		h/day
- Intermittent		Clocking/min/hour
Power unit		E-Motor, Diesel-Motor
Power transmission		Belt drive, flexible coupling
Speed control		Frequency converter, variable gear
Construction		Baseplate, frame, chassis, sound enclosure
Safety regulation		Ex-proof, soundproofing

Specifications of the materials:

Valve case		Cast iron/brass/AISI305/316/Duplex		
Sealing		Nitrile/viton etc.		
Special coating	yes	no		Pretreatment, RAL color

Equipment:

Unloader(UL)	yes	no		see also accessories catalog
UL with handwheel	yes	no		(UL=Unloader)
Safety valve	yes	no		(pressure adjustment)
Gauge	yes	no		(no working valve)
Pulsation damper	yes	no		Standard, special version
Supply tank / Tank	yes	no		if pulsations are undesirable
Filter / Strainer	yes	no		Volume, equipment, material
Spraygun	yes	no		Filter fineness, material
Lance	yes	no		Material
Noozle	yes	no		mm / material
High pressure-hose	yes	no		Flat beam / spot beam / turbo Nozzle
Suction-hose	yes	no		Length / material
Electric-control required	yes	no		Length / material
				describe function (see sheet 2)

Monitors:

Pressure switch				
- low pressure	yes		no	
- high pressure	yes		no	
Pressure sensor	yes		no	
Flow Switch	yes		no	
Others				

Material low press / high press
Material low press / high press

Shipping:

Special packing	
Shipping instructions	

(sea freight / air freight)
(UPS, airflight, forwarder)

Documentation / Certifikates:

Documentation	
Certificates	

Language, hardcopy, PDF
Approval (GL, LR ...)
